

To All Prospective Employers of Cheryl Carroll,
From a Former Employer

Without reservation I recommend Cheryl Carroll to any employer fortunate enough to be considered by her.

As my Congressional Campaign Manager, Cheryl demonstrated her incomparable organizational talent, and equally important, her leadership and initiative provided the direction for other employees and hundreds of volunteers.

The absolute confidence I had in Cheryl's managerial ability from knowing her for over 15 years was left unshaken after months of hard work on my campaign where she alone had responsibility in my absence.

Cheryl Carroll is an honest, hardworking and capable individual who would be an asset to any enterprise. Had she pursued law, I would want her as a partner.
